1. INTRODUCTION

This manual was written as a resource for Temporary users of the Student and Exchange Visitor Information System (SEVIS).

1.1 Purpose of SEVIS

SEVIS facilitates timely reporting and monitoring of international students and exchange visitors (EVs) in the United States (U.S.). SEVIS is an Internet-based application for electronically tracking and reporting on foreign students and EVs in the U.S. SEVIS enables schools and program sponsors to transmit electronic information to the Immigration and Naturalization Service (INS) and Department of State (DOS) throughout a student's or EV's program in the U.S.

SEVIS will enable schools to submit school certification applications, update certification information, submit updates to the INS that require adjudication, and create and update F and M student and dependent records. District Officers (DOs) will have the capability to adjudicate updates made to school and student records using SEVIS, and Designated School Officials (DSOs) will be notified through SEVIS of the adjudication results.

This manual contains instructions for initially accessing SEVIS to obtain a temporary user ID and password. Your temporary user ID and password will enable you to complete and submit an electronic Form I-17, Petition for Approval of School for Attendance by Nonimmigrant Students, in SEVIS. The Form I-17 is used by academic and vocational schools when applying to the INS for approval to admit F-1 (academic) and M-1 (vocational) students. The instructions in this manual apply to both schools that have current INS approval and wish to begin using SEVIS, and schools that are seeking initial approval by the INS to admit F and M nonimmigrant students.

Once a school has been enrolled in SEVIS, even if enrollment is prior to the mandatory SEVIS compliance date, all Forms I-20, Certificate of Eligibility for Nonimmigrant Student Status, issued by the school for initial attendance by a new student must be created in and issued from SEVIS.

Schools that begin using SEVIS prior to the mandatory compliance date are not required to enter all data for their current students into SEVIS at that time. However, the school is required to use SEVIS for issuance of any Form I-20 that is updated and re-issued to a currently enrolled student. The final SEVIS rule will set a date following the mandatory compliance date by which all currently enrolled students must have been entered into SEVIS.

Finally, once a student is registered in SEVIS, the school must update the student's record and report on the events required by SEVIS. The INS published a proposed rule in the **Federal Register**, 67 FR 34862 (May 16, 2002) to implement the new SEVIS requirements and establish a process for electronic reporting by DSOs. This proposed rule outlines the student events reporting and information collection required by schools using SEVIS. Additionally, each school official associated with a school enrolled in SEVIS will be sent information regarding the specific reporting requirements with their permanent SEVIS user ID.

1.2 Glossary

Appendix A, Acronyms and Abbreviations, includes a list of terms, abbreviations, and acronyms used in this document.

2. DESCRIPTION OF SYSTEM FUNCTIONS

The following sections provide step-by-step instructions for using SEVIS. Included are directions for obtaining a temporary user ID and password. Instructions for completing the certification application (Form I-17) are also included.

2.1 Overview of Screen Components

This section explains SEVIS screens and their components and how to navigate through the application.

Exhibit 1, SEVIS User Registration Screen, is an example of the screen that displays when you register for a temporary user ID. It includes fields that must be completed and two buttons. The screen components are labeled with the terms used in this manual.

Exhibit 1: SEVIS User Registration Screen

2.1.1 SEVIS Screen Components

The following is a list of components that may be available on SEVIS screens.

- **Browser Toolbar:** This is the toolbar displayed by the browser used to access SEVIS.
- **SEVIS Navigation Bar:** The navigation bar lists the following main functions:
 - **Help**—used to access online help for SEVIS
 - **Tutorial**—used to view a brief demonstration of how to use SEVIS
 - **Logout**—used to exit the system
- **Links:** Click on underlined text to advance to a different screen within SEVIS.

2.1.2 Additional SEVIS Screen Components

Additional screen components that appear on some SEVIS screens include the following:

- **Scroll Bar:** This is the part of a window that enables you to see additional information. SEVIS uses scrollbars on the bottom or the right side of some windows.
- **Fields:** These are areas on the windows where data may be typed or selected or in which system-generated data are displayed.
- **Buttons:** These buttons allow you to process data and move between screens. SEVIS uses the following types of buttons:
 - **Command Buttons**—Click to execute a command. For example, clicking this button  enables you to print a copy of the Form I-17.
 - **Radio Buttons** —Click to make a selection.
- **Other Input methods:**
 - **Check Boxes** —Click to make one or more selections.
 - **Drop-down lists** —Click the down arrow to display a list and then make a selection.

2.2 Accessing SEVIS

SEVIS requires the use of Microsoft® Internet Explorer Version 5.0 or higher or Netscape Version 4.7 or higher, and Adobe Acrobat® Reader 5.0 or higher. You must have a user ID and password to access the system. The following sections provide instructions for obtaining a temporary user ID and creating a SEVIS password. Instructions for completing the Form I-17 are also included.

2.3 Logging In to SEVIS

When you access SEVIS via the Internet (<http://www.ins.usdoj.gov/sevis>) a Security Alert screen may display. If the Security Alert screen displays, click the **Yes** button to continue to the SEVIS login screen. Exhibit 2, SEVIS Log in Page, is an example of the login screen.

Note: After creating your initial password, you will use this web site (<http://www.ins.usdoj.gov/sevis>) to access SEVIS and perform all of your SEVIS-related tasks.

2.3.1 How to Obtain a Temporary User ID

The SEVIS Log in Page includes a link that is used to obtain a temporary user ID and password. Using your temporary user ID and password, you can access SEVIS and complete the electronic Form I-17 for your school.

Your temporary user ID and password will allow you to create, save, access, and update a draft of your electronic Form I-17 for 30 days or until submission. After submitting the Form I-17, you may use your temporary user ID and password to access SEVIS and view and print a final copy of the form until INS adjudication. Your temporary user ID and password will **not** be valid following adjudication of your school's Form I-17. However, you will be notified of the adjudication results via e-mail. If your school is approved to use SEVIS, all school officials who were identified and assigned a SEVIS role on the Form I-17 will receive their permanent user IDs via e-mail.

The electronic Form I-17 must be submitted within 30 days of the issuance of your user ID. If you do not submit the electronic Form I-17 within 30 days, all of the data that was entered will be lost.

To obtain a temporary user ID, perform the following:

1. Click the **Register for New Account** link. The system displays the user registration screen, as shown in Exhibit 3, SEVIS – User Registration Screen.

Note: This link is used only to obtain a temporary user ID so that you can complete and submit a new Form I-17.

3. Click the **Submit** button. The system will display a message indicating that your temporary user ID will be sent to you in an e-mail message. You will receive a second e-mail message that includes specific instructions on how to access SEVIS the first time.

2.3.2 How to Create a Password

After receiving a temporary user ID, you will receive an e-mail message containing a secure link to SEVIS. This link is associated with your user ID. It can only be used to create a password for your user ID. To use this link and create your password, perform the following:

1. Click on the link contained in the e-mail message. The system will display the Set Password screen as shown in Exhibit 4, SEVIS – Set Password Screen.

2. Enter your temporary user ID in the User Name field.
3. Enter your password in the Password field. See Section 2.3.2.1, Guidelines for Passwords, for instructions on creating a password.
4. Enter your password in the Confirm Password field.
5. Click the **Set Password** button. The system will display a message indicating that you have successfully created a password.
6. Click the **OK** button and the system will display the SEVIS login screen.

Note: After creating your password, use the SEVIS web site (<http://www.ins.usdoj.gov/sevis>) to access SEVIS and perform all of your SEVIS-related tasks.

2.3.2.1 Guidelines for Passwords

The first time that you access SEVIS, you will be prompted to create a password. The guidelines for SEVIS passwords are as follows:

- SEVIS passwords are 8 to 16 characters in length.
- Your password must contain alpha characters and at least one numeric character.
- Passwords are case sensitive. If you create a password using a mix of upper- and lower-case letters, it must always be entered that way (for example, the password “Abcdefg8” must always be entered with a capital A followed by lowercase letters and the numeral 8).

- SEVIS user IDs and passwords are suspended after three unsuccessful login attempts. Contact the SEVIS Help Desk (1-800-892-4829) to have your access reinstated.
- Temporary user IDs and passwords are valid for 30 days. You must complete and submit the electronic Form I-17 within 30 days of the issuance of your user ID.

2.3.3 Logging In to SEVIS to Complete the Form I-17

Your temporary user ID and password are valid for purposes of completing a draft Form I-17. If you do not submit the Form I-17 within 30 days of issuance of your password, your temporary ID will no longer allow you access to your draft Form I-17 and all of the data that has been entered on the certification application will be lost.

You may log in and out of SEVIS as often as you wish to complete the Form I-17 within the 30-day period. Once you submit the Form I-17, it will no longer be available for addition or revision of data unless a specific request for information is made by the DO in the Form I-17 adjudication process. To log on to SEVIS, perform the following:

1. Enter your user ID in the User Name field.
2. Enter your password in the Password field.
3. Press **Enter** on the keyboard or click the **Login** button. The system displays the SEVIS Certification Page 1 screen. If you have already entered data on this page of the certification application, it will be displayed, too.

The Login screen has a **Reset** button that clears any data that you entered on this screen. The screen also includes a link to create a new account that is only used to obtain a temporary user ID and password.

Note: After 20 minutes of inactivity, your session will time out and you will have to log on again in order to use SEVIS.

2.4 Logging Out of SEVIS

To exit the SEVIS application at any time, click **Logout** on the navigation bar as shown in Exhibit 5, SEVIS Navigation Bar.

2.5 Completing the Certification Application (Form I-17)

The following sections provide step-by-step instructions for completing the Form I-17.

2.5.1 Certification Page 1

When you log in to SEVIS using a temporary user ID and password, the first page of the certification application is displayed, as shown in Exhibit 6, SEVIS Certification Page 1. If you have already completed page 1 of the certification application, the data that you entered will display on the screen when you log in to SEVIS.

Public Reporting Burden

A person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Public reporting burden for this collection of information is estimated to average 60 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: Immigration and Naturalization Service, HQPDI, 425 I Street, N.W., Room 4307r, Washington, DC 20536; OMB No.: 1115-0252. DO NOT MAIL YOUR APPLICATION TO THIS ADDRESS.

10/04/2002 (Friday)

Below is a table that lists the fields on page 1 and a brief description or explanation for each field. An asterisk precedes the fields that you must complete. To complete page 1 of the Form I-17, enter the following data:

Field	Description/Explanation
* 1. Approval for attendance of students under	Academic and language students can attend schools approved under section 101(a)(15)(f) of the Immigration and Nationality Act. Vocational students can attend schools approved under section 101(a)(15)(m). The Form I-17 should be used to request approval for the types of programs in which the school wishes to enroll foreign F or M students. Schools can be certified under either or both. Note: The approval request should pertain to programs that are offered at both the main campus and any additional campuses listed on the same Form I-17.
* 2. Name of School System	The school or school system's complete, official name, without abbreviations.
* 2a. Name of Main Campus	The name of the school or campus that will be considered the primary campus on the Form I-17. If the main campus has its own name, different from that of the school or school system, that name will appear here. If not, the main campus may have the same name as the school system.
* 3. Mailing Address of the School	This is the address to which mail for the main campus should be sent. This address may contain a post office box number. Note: The zip code must be a valid 5-digit postal code; the last 4 digits are optional. Note: There is a separate field on a following page in which the mailing address(es) of additional campus(es) should be entered.
4. Location of the School (if different from mailing address)	The physical location of the main campus, if different from its mailing address. This address may not contain a post office box number. If the location and the mailing address are the same, do not complete this section.
* 5. School Type	Select the appropriate option, Private or Public.
* If Private is selected , you must complete the Name and Address of Owner fields:	

Field	Description/Explanation
*Last Name	If the owner is a person, enter his or her last name. If the owner is an institution (such as, a company, or a non-profit organization such as a church), the name of the institution should appear in the "Last Name" field.
*First Name	The "First Name" field must be completed; a dash may be used if there is no first name (such as, a company, or a non-profit organization).
Middle Name	The middle name of the owner.
*Address 1	The first line of an address, typically a number and street name for the school owner.
Address 2	The second line, if needed, of an address, typically a building name or post office box number. Post office box numbers should be used <i>only</i> in mailing addresses.
*City	Enter the unabbreviated name of a city.
*State	Select the appropriate state.
*Zip Code	The zip code must be a valid 5-digit postal code; the last 4 digits are optional.

Select one of the following buttons:

Save Draft	After completing the required fields on page 1, you may click this button to save the data that you have entered and then log out of SEVIS. Note: You do not need to click this button before advancing to the next page of the Form I-17. SEVIS automatically saves data when you click the Next button. However, saving prior to moving onto the next page assures that all required fields have been completed and allows you to review the information before moving on.
Reset Values	Click this button to erase all entries on the page that have not been saved.
Next	Click this button to automatically save the data that you have entered and advance to page 2 of the certification application.
Print I-17 Form	Click this button to print a draft copy of the certification application. Printing a draft allows you to review a paper copy of all of the data saved thus far.

Below is a table that lists the fields on page 3 and a brief description or explanation for each field. An asterisk precedes the fields that you must complete. To complete page 3 of the Form I-17, enter the following data:

Field	Description/Explanation
* 13. List the degrees available from this school	Select all of the options that apply. If "Other" is selected, provide an explanation in the text box. This field will be blank for private elementary schools. High schools or secondary schools that offer a degree should select "Other" and enter High School diploma, or a similar appropriate description. If your school does not issue degrees, enter "None" in the text box.
* 14. Select as appropriate	Note: Although more than one section may be completed, most schools should complete only one of the sections listed for item 14.
If the school is engaged in elementary or secondary education	An elementary/secondary school "does" or "does not" qualify its graduates for acceptance by accredited schools of higher education. The field will be blank for schools engaged in higher education, vocational/technical schools, and English language schools.
If the school is engaged in higher education	A college/university "does" or "does not" confer recognized degrees. Its credits "are" or "are not" transferable to degree-conferring institutions. Both fields in this section must be completed if the school is engaged in higher education. These fields will be blank for elementary/secondary, technical/vocational, and English language schools. Note: This field applies to community colleges that offer higher education, academic programs, and confer academic degrees including AA degrees.
If the school is engaged in vocational or technical education	A technical/vocational school "does" or "does not" qualify its graduates for employment in the occupations for which preparation is offered. This field will be blank for elementary/secondary schools, colleges/universities, and English language schools.
The school (is, is not) engaged in English language training	If your school offers formal training in the English language, such as English language schools, select "is." Otherwise, select "is not" even though the school may provide remedial English instruction for students whose English skills are weak.
* 15. Sessions are held as follows	Every school conducts its classes during the day, at

2.5.4 Certification Page 4

Page 4 provides you with the ability to list the individuals that will be designated as officials for all campuses listed on the Form I-17. From page 4, you may add, update or delete school officials prior to submitting the Form I-17. All of the officials that will be acting at the main campus and/or any of the additional campuses listed on the Form I-17 should be included on this page. While you may add and update officials once approved for SEVIS, you must add at least one official and designate him or her as the Principal Designated School Official (PDSO) for each school or campus associated with the Form I-17, including the main campus and any additional campuses. You may also add a maximum of four Designated School Officials (DSOs) and five Administrative School Officials (ASOs) for each campus.

Note: You will enter all school officials on page 4, and then assign SEVIS roles of PDSO, DSO or ASO per campus on page 5.

Note: SEVIS automatically saves your data when you are on page 4 and log off of the system. Prior to submitting the Form I-17, you may log on and log off of SEVIS as many times as you wish, and may add, update or delete officials at that time. Remember, your temporary user ID is only valid for 30 days; you must submit the Form I-17 within 30 days of the issuance of your user ID.

Exhibit 9, SEVIS Certification Page 4, shows a sample copy of page 4 of the certification application.

Exhibit 9: SEVIS Certification Page 4

The screenshot displays the SEVIS Certification Page 4 interface. At the top, there is a header bar with the title "SEVIS Certification Page 4" and navigation links: "Help | Tutorial | Logout". A user ID "rM52667 (INSTEMP)" is visible in the top right corner. Below the header, a message reads "Welcome to the SEVIS Certification Page 4". The main content area is titled "Certification - School Official Information page [4 of 5]". It contains a table with the following data:

Official Name	Title	Telephone	Email Address	Commands
Harry Rogers	Coord. for International Students	111-222-3333 ext.3344	harry.rogers@smythe.edu	Update Delete
Mary Smythe	Director of Education	111-222-3333 ext.	mary.smythe@smythe.edu	Update Delete

Below the table, there are two links: "Add New Official" and "Add Existing Official". At the bottom of the table area, there are three buttons: "Prev", "Next", and "Print I-17 Form". An arrow points from a box labeled "Add New Official Link" to the "Add New Official" link.

08/12/2002 (Monday)

2.5.4.1 Add School Official

All school personnel who will access SEVIS and perform tasks must have a record in SEVIS. To add school officials and assign them SEVIS roles, you must first use the Add New Official link that is available on page 4 of the Form I-17. You will assign the school officials their roles at a particular campus (PDSO, DSO, or ASO) using page 5 of the certification application.

Note: See section 2.5.4.2, Add Existing Official, for instructions on how to add a current SEVIS user to your school.

To add officials that do not already have a SEVIS ID, perform the following:

1. Click the **Add New Official** link below the Official Name column. The system displays the Certification – Add Official screen, as shown in Exhibit 10, SEVIS Certification Page 4 – Adding Official Screen.

Exhibit 10: SEVIS Certification Page 4 – Adding Official Screen

2. Below is a table that lists the fields on this screen and a brief description or explanation for each field. An asterisk precedes the fields that you must complete.

Field	Description/Explanation
* Last Name	The surname or family name of the school official.
* First Name	The first name of the school official.
Middle Name	The middle name of the school official.
Suffix	Select a title, such Junior, that may appear at the end of a person's name.
* The Official is	Select the appropriate option, U.S. Citizen, LPR, or Other. Note: The PDSO and DSOs must be either U.S. citizens or Lawful Permanent Residents (LPRs).
If LPR, please enter A-number	Enter the alien number if the school official is an LPR. Enter only the numeric portion of the A-number.
* Title	Enter the title of the school official.

Field	Description/Explanation
* Address 1	Enter the first line of the address for this school official.
Address 2	The second line, if needed, of an address, typically a building name or post office box number.
* City	Enter the appropriate city.
* State	Select the appropriate state.
* Zip Code	The zip code must be a valid 5-digit postal code; the last 4 digits are optional.
* Telephone Number	Enter a valid telephone number for this school official.
* Email Address	A valid electronic-mail address. The school official's SEVIS user ID and password instructions will be mailed to this address. For a PDSO, notification of the petition adjudication result will also be sent to this e-mail address.

Select one of the following buttons:

Add Official	Click this button to save the data that you have entered for this school official. The system will display page 4 of the certification application and the information for the official that was added will be included in the list of officials. To add additional school officials, click the <u>Add New Official</u> link again and repeat the process described above.
Cancel	Click this button to return to page 4 of the certification application.

When finished adding school officials, click one of the following buttons on page 4:

Prev (Previous)	Click this button to return to the previous page of the certification application.
Next	Click this button to advance to page 5 of the certification application.
Print I-17 Form	Click this button to print a draft copy of the certification application. Printing a draft allows you to review a paper copy of all of the data saved thus far.

2.5.4.2 Add Existing Official

An existing official is an active SEVIS user, someone who has a permanent SEVIS user ID. SEVIS allows the addition of existing officials who may perform tasks for multiple schools. Adding an existing official is the process of authorizing a current SEVIS user to perform as an ASO, DSO, or PDSO for a school or campus associated with another Form I-17.

Note: A school official that will be acting at more than one campus listed on the same Form I-17 is added only once. To allow an official already listed on an I-17 to act at an additional campus listed on the same form, you should add to the official's roles on page 5 of the Form I-17, rather than adding this individual as an existing official on page 4.

To add an existing official, perform the following:

1. Click the **Add Existing Official** link below the Title column. The system displays the SEVIS Certification Page 4 – Adding Existing Official Screen.
2. In the Account Username field, enter the SEVIS user ID; the ID that the official uses to access SEVIS.
3. Click the **Search Official** button. The system displays the Certification – Add Existing Official screen, which contains the name, title, telephone number, e-mail address, and role for this official.
4. Click the **Add Official** button. The system displays a message indicating that the official has been added.
5. Click **OK** to return to page 4 of the certification application. The official's name, title, telephone number and e-mail address appear on the list.

Note: All school officials must be assigned to perform a role for at least one campus. Additionally, a single official can be assigned a role, or different roles, at multiple campuses on the Form I-17. You will assign SEVIS roles of PDSO, DSO or ASO for each campus on page 5.

When finished adding existing officials, click one of the following buttons on page 4:

Prev (Previous)	Click this button to return to the previous page of the certification application.
Next	Click this button to advance to page 5 of the certification application.
Print I-17 Form	Click this button to print a draft copy of the certification application. Printing a draft allows you to review a paper copy of all of the data saved thus far.

2.5.4.3 Update a School Official's Record

You may change or update the data for a school official (for example, enter a correct e-mail address) before submitting the Form I-17. To change or update a school official's SEVIS record prior to submission of the electronic Form I-17, perform the following:

1. Click the **Update** link to the right of the school official's name on page 4 of the certification application. The system displays the Certification – Official Update screen, including the official's current data.
2. Make the necessary changes to the record.
3. Click the **Update** button to confirm the submission of the changes. The system will update the official's record, and page 4 of the certification application will be displayed.

2.5.4.4 Delete a School Official

You may delete the record for a school official before submitting the Form I-17. Use this procedure only if this official will not be a SEVIS user.

Note: Do not use this procedure if you want this official to perform a SEVIS role at one campus but wish to remove the official from performing a certain role at another campus. Assigning a new role, or removing a role from an official for a particular school or campus, is done using the **Assigning New Officials** link on page 5 of the certification application. Deleting the official will remove this individual's record from the Form I-17 altogether.

To delete a school official's SEVIS record, perform the following:

1. Click the **Delete** link to the right of the school official's name on page 4 of the certification application. The system displays the Certification – Official Delete screen, which includes the data for the official whose record you wish to delete.
2. Click the **Delete Official** button to confirm the deletion of this official. The system displays page 4; you can see that the official's record has been removed from the list of officials.

When finished deleting school officials, click one of the following buttons on page 4:

Prev (Previous)	Click this button to return to the previous page of the certification application.
Next	Click this button to advance to page 5 of the certification application.
Print I-17 Form	Click this button to print a draft copy of the certification application. Printing a draft allows you to review a paper copy of all of the data saved thus far.

2.5.5 Certification Page 5

Completing the certification application includes adding any additional campuses to the Form I-17 and assigning officials to the particular schools and campuses. Adding campuses allows you to list campuses associated with the main campus or the larger institution, rather than having to file a separate Form I-17 for each campus.

Note: SEVIS automatically saves your data when you are on page 5 and log off of the system. Prior to submitting the Form I-17, you may log on and log off of SEVIS as many times as you wish. Remember, your temporary user ID is only valid for completion of the Form I-17. You must submit the Form I-17 within 30 days of the issuance of your user ID.

2.5.5.1 Add a Campus

SEVIS enables you to add school campuses that are located in the same INS district office jurisdiction as the main campus to the Form I-17. If your school has campuses that are located in other INS district office jurisdictions (for example, different states), separate Forms I-17 must be completed for the schools and campuses within each district. Multi-campus schools that have campuses located in a single INS district may either file a single Form I-17 for all campuses or file separate Forms I-17. For campuses within a single district, the school should determine, based on its own organizational structure, whether to file a single Form I-17 or separate forms for each campus.

To add a campus to this certification application prior to submitting the Form I-17, perform the following:

1. Click the **Add New Campus** link below the Campus Name column on page 5. The system displays the Certification – Campus screen, as shown in Exhibit 12, SEVIS Certification Page 5 – Add Campus Screen.

Exhibit 12: SEVIS Certification Page 5 – Add Campus Screen

2. Below is a table that lists the fields on this screen and a brief description or explanation for each field. An asterisk precedes the fields that you must complete.

Field	Description/Explanation
* Campus Name	The name of this campus.
Mailing Address	
* Address 1	The first line of an address, typically a number and street name. This is the address to which mail for the school should be sent.
Address 2	The second line, if needed, of an address, typically a building name or post office box number.
* City	Enter the appropriate city.
* State	Select the appropriate state.
* Zip Code	The zip code must be a valid 5-digit postal code; the last 4 digits are optional.
Fax Number	The telephone number, including area code, for a fax machine

Field	Description/Explanation
Telephone Number	Enter a valid telephone number, including the three-digit area code, and an extension if applicable.

3. Complete the Location fields if the location address of the campus is different from the mailing address of the campus.
4. When finished, click the **Add Campus** button. The system displays page 5 of the certification application and the new campus is included on the list of campuses.
5. Repeat steps 1 through 4 to add other campuses to this Form I-17.

2.5.5.2 Assign SEVIS Roles

Page 5 provides you with a link that enables you to assign each school official a role for using SEVIS at each individual campus listed on the Form I-17. Those roles are PDSO, DSO and ASO. In SEVIS, the PDSO is usually the contact person for the original submission of the Form I-17. The PDSO will also be the responsible party for any updates to the PDSO, DSO or ASO information. In all other respects, the PDSO will have the same responsibilities as the other DSOs. The PDSO and DSOs are responsible for creating, submitting and updating SEVIS student records; issuing Forms I-20; and updating the Form I-17.

The functions of the ASO are limited to clerical duties and data entry. The ASO may not sign or issue a SEVIS Form I-20, authorize curricular practical training, or provide any update to SEVIS. The access of the ASO will be limited in SEVIS to purely data entry of SEVIS Form I-20 information, which must then be reviewed and submitted to SEVIS by a PDSO or DSO.

Note: PDSOs and DSOs must be either U.S. citizens or Lawful Permanent Residents (LPRs) of the U.S.

The table below lists the various tasks that school officials may perform using SEVIS. An “X” in a column indicates that the school official whose title appears at the top of the column may perform the task listed.

SEVIS Task	ASO	DSO	PDSO

To assign SEVIS roles to the officials registered for your school, perform the following for each campus listed on the Form I-17:

1. Click the **Officials** link to the right of the campus name, address, and location. The system displays the Assigning Campus Officials screen, as shown in Exhibit 13, SEVIS Certification Page 5 – Assign Officials Screen.

2. Click the appropriate option (PDSO, DSO, or ADSO—select this option for ASOs) to the right of each official whose name is listed.

Note: For multi-campus schools, be sure to assign appropriate SEVIS roles for each campus. Remember, each campus must have at least a PDSO assigned. An individual may be assigned multiple roles across multiple campuses.

3. When finished assigning roles for this campus, click the **Accept Changes** button. The system displays page 5 of the certification application.

Note: Changes can be made to this screen prior to submission of the Form I-17. After submitting the Form I-17, the school officials and their roles can be changed following the school's approval to participate in SEVIS.

4. To assign roles for other campuses, perform steps 1 through 3 for each campus.

When finished adding campuses and assigning roles, click one of the following buttons:

Prev (Previous)	Click this button to return to the previous page of the certification application.
Submit	<p>Click this button to submit the Form I-17 to the INS for adjudication. Once submitted, you will not be able to make changes to the Form I-17 unless the DO makes a specific request for further evidence in the adjudication process. The INS will contact you with further instructions regarding the certification process. Do not mail anything to the INS at this time.</p> <p>Note: Until the Form I-17 is adjudicated, you may log in to the system using your temporary user ID and password and view or print the Form I-17.</p>
Print I-17 Form	<p>Click this button to print a draft copy of the certification application. Printing a draft allows you to review a paper copy of all of the data saved thus far.</p> <p>Note: Following submission, you can print a final Form I-17 ("Draft" is removed from the top of the form and it will show the form number).</p>

2.5.5.3 Print the Certification Application

You may print a draft copy of the Form I-17 from any screen that has a **Print I-17 Form** button. A draft copy of the SEVIS Form I-17 can be identified by the word DRAFT at the top of each page of the form and it will **not** include the form number until the application is approved.

Following submission of the Form I-17, you may use these same procedures to print a final copy of the Form I-17. To print the Form I-17, perform the following:

1. Click the **Print I-17 Form** button on any page. Another browser window opens and the Form I-17 is displayed using the Adobe Acrobat® Reader from which a copy of the Form I-17 may be sent to a designated printer.

Note: During the launch of Acrobat® Reader, a File Download window may be displayed. To eliminate this window from being displayed in the future, click in the box next to "always ask before opening this type of file" to remove the check mark. Select the **Open** button to view the Form I-17.

2. When the Form I-17 displays in the Acrobat® Reader window, use the scroll bar on the right side of the window to view additional pages of the application.

3. Click the print button  on the Acrobat® Reader toolbar. The print window is displayed.
4. Ensure that the name of the printer used to print the form is listed in the Name field in the Print window. If it does not show the correct printer, click the **down arrow** to the right of the field and select the correct printer.
5. Click **OK** and the Form I-17 will be printed on the designated printer.
6. Click the **close** button  on the Acrobat® Reader to close the window.

2.5.5.4 Submission of the Certification Application and Notification of Adjudication

To submit the Form I-17, click the **Submit** button on page 5 of the certification application. The system will display a message indicating that the form has been submitted to the INS. This screen also contains a link to the Pay.gov web site (see section 2.5.5.5, Electronic Submission of Payment). The INS will contact you with further instructions regarding the certification process. Do not mail anything to the INS at this time.

The submitter and the PDSO for your school will receive notification of the adjudication result.

If the application is approved, the PDSO and the individual that submitted the Form I-17 (if different) will receive approval notification via e-mail. This notification will include information on the visa classification(s) for which the school was approved (F, M or both) and the SEVIS school code. In addition, all registered school officials will receive their permanent IDs and instructions on creating a password via e-mail. Included in the ID issuance e-mails will be information on the specific school official reporting requirements and update responsibilities associated with SEVIS.

If additional information is required for processing your application, the PDSO and submitter of the Form I-17 (if different) will receive an e-mail specifying the missing or problematic information. Official notification of the request for further evidence may also be sent via mail. In some cases, the request for additional information made by the DO in SEVIS will allow you to update information originally submitted on the electronic Form I-17. You will be provided instructions on updating the electronic Form I-17 in such instances.

If your application is denied, the PDSO and submitter of the Form I-17 (if different) will receive notification via e-mail. This e-mail will include basic information regarding the reasons for denial. A separate mailed letter will provide more specific information regarding the grounds for denial and your options for challenging such a denial.

2.5.5.5 Electronic Submission of Payment

You may use a credit card or Automated Clearing House (ACH) to electronically submit payment to the INS using the Pay.gov web site.

Note: Following submission of the completed Form I-17, the PDSO and the individual that submitted the Form I-17 (if different) will receive notification via e-mail that the INS has received the form. If you are not prepared to submit payment at the time of submission of the Form I-17, the e-mail notice also includes the link to the site where electronic payment can be

made. However, INS will not begin the adjudication process until they have received notification from Pay.gov that payment has been received.

To use the Pay.gov web site, perform the following:

1. On the SEVIS screen or the e-mail notification, click the **ins-schools.icc.gov/index.cfm** link. The INS Pay.gov web site will display, as shown in Exhibit 14, INS Schools Certification Payment Screen.

3. OPERATING INSTRUCTIONS

3.1 Initiate Operation

You will access SEVIS via the Internet using Microsoft Internet Explorer Version 5.0 or higher or Netscape Version 4.7 or higher. You must also have a SEVIS user ID and password to access the system.

To log in to SEVIS, perform the following:

1. Access the Internet and go to the SEVIS web site at <http://www.ins.usdoj.gov/sevis>
2. Enter your user ID in the User Name field.
3. Enter your password in the Password field.
4. Press **Enter** or click the **Login** button.

3.2 Maintain Operation

After 20 minutes of inactivity, the session will time out and you must log on again to use SEVIS.

3.3 Terminate and Restart Operations

Should there be an unscheduled termination of your SEVIS session due to external causes such as a timeout, power failure, or a computer malfunction, you must repeat the logon procedures.

4. ERROR HANDLING

SEVIS includes automatic validation of the data entered into many fields. For example, if you do not enter a date in the correct format, the system will prompt you to correct the error by providing the proper format. These messages are self-explanatory and are not addressed in this manual.

The system also includes a SEVIS - Connection Error. The message reads, "Your connection to SEVIS was unsuccessful. Please try your request again. If the error persists and you need assistance, please contact the SEVIS Help Desk at 1-800-892-4829."

You will be redirected to the login page in 10 seconds. When returned to the login page, you should log in to the system and continue working. If the message displays again, contact the SEVIS Help Desk.

5. HELP FACILITIES

To report SEVIS-related issues or problems, contact the SEVIS Help Desk at 1-800-892-4829 during the hours of 8:00 a.m. and 8:00 p.m. Eastern Time, Monday through Friday. Calls received outside these hours will be recorded for response on the next business day.
